

Title	Landscape Planning and EU Membership		
<i>Code</i>	STKTF342CXN		
<i>Prerequisites</i>	None		
<i>Description</i>	Students get acquainted with the European Unions spatial trends and policy fields related to spatial planning. Using the latest results of ESPON research program we explore the territorial challenges facing the EU and get acquainted with different scenarios of future trends. Through lectures and discussions students became familiar with examples of the European planning systems.		
<i>Lecturer</i>	Krisztina FILEPNÉ KOVÁCS		
<i>Semester</i>	Fall/Spring	<i>Contact hours/week</i>	2
